

**NOTICE OF PUBLIC WORKSHOP
REGARDING UTILITY UNDERGROUNDING IN KENSINGTON
IMPORTANT COMMUNITY MEETING**

Kensington Community Church
4773 Marlborough Dr., San Diego, CA 92116

Saturday, April 30, 2016

Session one 1:00pm to 2:30pm; Session two 2:30pm to 4:00pm

Dear Kensington Neighbors,

The Kensington Talmadge Planning Group (KTPG) will soon consider whether to support certain utility undergrounding proposals for our Kensington Community. These actions may adjust the City's Undergrounding Master Plan in Kensington, some elements of which **would significantly alter neighborhood undergrounding timelines.**

WE WANT YOUR INPUT!

Please come to a **Utility Undergrounding Workshop** at the Kensington Community Church on April 30, 2016 and attend one of two sessions (1pm to 2:30pm; or 2:30pm to 4pm) to:

1. Learn about the current status of utility undergrounding in Kensington, including what utility companies have and have not agreed to do regarding that process.
2. Consider proposals to make adjustments to the City's Undergrounding Master Plan within Kensington (some minor and some major).
3. Help our KTPG Board determine how our Kensington residents in each neighborhood want to proceed or not proceed with utility undergrounding.

I look forward to seeing you all, sharing information, and getting your feedback.

Thank You,
Don Taylor, KTPG Chairman
