### III. NON- SUBCOMMITTEE ITEMS

- **ACTION ITEM:** Don Taylor presented a proposed letter of support for the City’s effort to obtain a \$2 million grant for implementation of the ‘Complete Boulevard Study’. This study is for the area of Highland Avenue to 52<sup>nd</sup> Street and will include pedestrian and mobility improvements. This is a grant from Caltrans and will be used for design development.
  - Don Taylor moved the Board approve the letter of support. Darlene Love seconded. **The Board voted unanimously to approve.**
  
- **ACTION ITEM:** Daniel Veeh from SANDAG presented the most recent updates to the Monroe bike path in Talmadge. More information is available at:

The public can sign up to receive email newsletters from SANDAG in order to receive the most up-to-date information.

Information will also be posted on the KTPG website at <http://ktpg.org/>.

- During Board comment, member Fred Lindahl - representing TMAD’s Roads and Walks Committee - read comments and recommendations from that group.
  
- Several members of the public addressed the Board in favor of, and opposed to, SANDAG’s plan. They discussed how they felt the proposed bike path would impact their neighborhood. Some indicated concerns about how planned traffic pattern changes would affect their streets and the overall neighborhood and way of life. Biking enthusiasts who use current paths through Talmadge spoke of existing safety concerns, as well as safety concerns with the proposed plan.
  
- Board members spoke both in support and opposition, with some Board members uncertain. Some members were concerned that voting to not support could have an impact on bringing much needed infrastructure funding to Talmadge (e.g. storm water redesign and repairs).
  
- After hearing issues voiced at tonight’s meeting by Board members and during public comment, Councilmember Georgette Gomez requested time to meet with SANDAG to review these concerns and to review the overall Talmadge Bike Path Plan.
  
- Due to the Board’s unresolved concerns about possible impacts to the Talmadge neighborhood, and to permit Ms. Gomez time to complete her review, Daniele Laman moved to table the vote at this time. The motion was seconded by Ron Anderson. **The Board voted unanimously to table this action item.**
