  - Budget Crash Courses – Monday and Tuesday, March 23/24, 2020
    - RSVP at <https://www.eventbrite.com/e/iba-budget-crash-course-understanding-the-budget-process-tickets-96971505383?aff=ebdssbeac>
  - Georgette Gomez has issued a memorandum to the Mayor’s office in support of the request to reconsider designation of Kensington-area pepper trees as heritage trees. This was the result of the contributions of the Historic Review Subcommittee and input from the KTPG Board. Litigation is still in progress.
  - Traffic circle construction in Talmadge is scheduled for Summer, 2020.
  - Fairmount Avenue repaving – A Notice to Proceed was issued on February 27, 2020.
  - As a result of new bus/bike lanes on El Cajon Boulevard, a traffic impact survey will now assess impact on alternate streets, including Adams Avenue from I-15 to Vista Street.
  - From the audience: The need for palm tree abatement in the canyons surrounding Kensington/Talmadge - as a result of the fire last summer - was brought to Sanna’s attention. Lisa Sinclair noted that a past code development, initiated by environmentalists, does not allow for brush abatement in many canyon areas.

- Don Taylor announced that KTPG has received approval to continue meeting at the YMCA through April, 2021. The YMCA stated this will be the final extension without execution of a ‘hold harmless’ agreement by KTPG. Don advised the Board that venues previously used by KTPG now also require similar agreements. City-owned facilities do not require the agreement.
- Don Taylor moved to approve the removal of Julian Villegas from the KTPG Board due to four non-consecutive absences since April 2019. Seconded by Bill Adair. **The vote to approve was unanimous.**

### III. NON-SUBCOMMITTEE ITEMS

- **KTPG Annual Election - 2020**

- Voting was declared open and a ten-minute recess was called at 7:15 PM for Board members to cast their votes. It was announced that voting would close at 8 PM.

Voting Results:            24 ballots were cast

### ○ **Project Review** – Chair: Lisa Sinclair

- Density issues are handled yearly through a Developmental Services portal, which could be used to request review/reconsideration of parking requirements and setback issues altered with approval of granny flats. March 21<sup>st</sup> is the deadline for submissions in 2020.

### ○ **CIP & Planning** – Chair: Deborah Sharpe

- Deborah Sharpe and David Moty gave a presentation on their draft motions regarding the Mayor's 'Complete Communities' proposed regulations. These regulations are in response to the lack of affordable housing within the City. The regulations are applicable for low, middle and moderate-income households.

The following seven draft motions are offered as proposed zoning remedies:

1. Remove RM 1-1, RM 1-2 and RM 1-3 zones from these regulations.
2. Require Neighborhood Enhancement Funds to be spent within the community, depending on clarification of the definition of 'Communities of Concern' and park deficiency.
3. Require that Neighborhood Enhancement Funds be spent only on capital improvements.
4. Allow promenades on main commercial and mixed-use streets only.
5. Require promenades to meet City or Community plan criteria for park placement, if park credit is given.
6. Require public input on design of public amenities.
7. Reduce on-site commercial tenants to a maximum 25% (current recommendation is 50%).
